## Our Classroom

These are some of the things we will learn about in our class....

We will use our fantastic class novels for our English work, to develop both our reading and writing skills.

We will be deepening our understanding when reading, thinking carefully about vocabulary and making inferences.

We will develop our writing skills, both in terms of grammar and writing effectively for different purposes.

We will learn all sorts of history, geography and scientific concepts throughout the year.

We will be growing as young adults, ready to take the next step to secondary school!

## Things that will help us work well in class...

Being on time, well-rested and ready to learn.

Being responsible for your own learning – completing homework, reading lots and always giving 100% in class.

Developing positive friendships, enjoying your time together.

Being ready to actively participate in lessons, asking questions and contributing to discussion.
